B4RN SHARE APPLICATION LEAFLET

A brief history of B4RN

B4RN is a community-wide co-operative and collaborative initiative to do the job once and do it correctly without costly stop gap solutions in areas of outstanding natural beauty; originally in the Forest of Bowland and the Lune Valley but now in Arnside and Silverdale AONB.

The Forest of Bowland AONB helped us launch B4RN and we are very grateful for their support. Arnside and Silverdale AONB are currently supporting B4YS. We are also proud to have Emtelle, Geo, Vitesse and Fujikura amongst our partners/ suppliers and working together, we are building a network of people, businesses and future proofed infrastructure.

Being a “community benefit society” means that the assets are locked down and cannot be sold off to an outside interest in the way that a conventional company's could. This means that the time, effort and money that this community will invest to get high quality broadband will be preserved for the benefit of the community and the future generations, not purely to make profits for the shareholders.

and B4YS

B4YS are working with B4RN to bring Hyperfast broadband to the parishes of Yealand, Silverdale and Storth. Alongside raising the finance for our part of the project, two important tasks are route planning and working with our neighbouring parishes to begin to acquire the skills we will require to install our own fibre network.

If you want to join in please contact the B4YS Hyperfast Group. You can contact them by phoning your B4YS representative below. You can follow B4YS progress on the website www.b4ys.org.uk and the Facebook page www.facebook.com/groups/B4YSfibre/

If you want to buy shares, please complete the appropriate sections of this form. Send it along with a cheque **made payable to Broadband for the Rural North Limited** to:

Investing in shares needs careful consideration

Summary of share offer:

- Minimum investment is £100 (to reduce administration overheads)
- No matter how many shares you own you have one vote
- Maximum investment is £20,000
- B4RN shares qualify for an EIS tax rebate, so if you are a taxpayer you get 30% of your investment back within the tax year (you'll need to submit a tax return with the EIS3 certificate you'll receive from B4RN)
- Those who invest £1500 or more will qualify for a free £150 connection
- If you earn £1500 of shares by digging you will be eligible for a free connection AND 1 year's subscription to the service
- Shares must be held for 3 year minimum
- Shares cannot be sold or given to anyone else, they can only be sold back to B4RN
- Other Investors outside the area can sponsor a connection

If you have any questions about buying shares in B4RN please contact info@b4rn.org.uk or phone the B4RN answerphone service on 01524 555887 and leave your phone number and query and ask for a call back. See more at: www.b4rn.org.uk/shares

You do not need to buy shares to take a service from B4RN, but the more people who do, the sooner it will be built. B4RN is not raising money from the public purse, thus avoiding regulation and delays.

If you do not want to buy shares and only want to subscribe to the service, please contact your B4YS representative and tell him or visit www.b4ys.org.uk/register and fill in the form.

A 1000 megabit per second symmetrical (same speeds uploading as well as downloading) future proof fibre to the home connection costs £30 a month, with £150 connection fee. (VAT inclusive)

Rural broadband in the UK is often estimated as costing anywhere up to £10,000 per property, and often more. However, that is using the traditional telco (telecommunications company) model; these are not the costs that will apply when we can harness the skills and determination of a close-knit community such as ours.

This network model can connect every home in our parishes, however remote or distant from other properties. Without exceptions.
